## REPORT ON ONE-DAY WORKSHOP ON CYBER SECURITY AWARENESS AND DIGITAL SAFETY

Swami Dharmabandhu College of Education, Harhad, Hazaribagh

Date: 29th January 2026 (Thursday)

Time: 11:00 A.M.

Venue: Seminar Hall

Swami Dharmabandhu College of Education, Harhad, Hazaribagh successfully organized a One-Day Workshop on "Cyber Security Awareness and Digital Safety" on 29th January 2026 for students and faculty members. The main objective of the workshop was to create awareness about cyber security issues, safe digital practices, and protection against cyber crimes in the present digital age.

The workshop was conducted by Mr. Saurav Vishwakarma, Cyber Security and Digital Forensic Investigator Expert, as the Resource Person. The programme commenced with a brief introduction highlighting the importance of cyber security and responsible use of digital platforms. The Resource Person explained various aspects of cyber threats, password protection, data privacy, social media safety, and preventive measures against online fraud through simple language and practical examples.

The session was highly interactive, and participants actively engaged in discussions and question-answer sessions. Students and faculty members showed keen interest and gained valuable insights into safe online behavior and digital responsibility. The Resource Person addressed the queries of the participants patiently and effectively.

The workshop proved to be informative, relevant, and beneficial for all participants. It enhanced their understanding of cyber safety and encouraged them to adopt secure digital practices in their academic and personal lives. At the end of the programme, the Principal expressed sincere gratitude to the Resource Person for sharing his expertise and valuable guidance.

### **Conclusion**

The One-Day Workshop on Cyber Security Awareness and Digital Safety was successfully conducted and achieved its objectives. It significantly contributed to improving awareness and preparedness among students and faculty regarding cyber security challenges. Such workshops are essential in today's technology-driven world and should be organized regularly to promote digital safety and responsible online practices.
